

If the burning gets away you will be responsible for the costs of putting the fire out even if you have a permit.

#### THINGS THAT ARE NOT ALLOWED:

No burning barrels

#### THINGS THAT MAY NOT BE BURNED:

Container board (corrugated cardboard)  
Fiber board (like soda and cereal cartons)  
Foam polystyrene (Styrofoam)  
Glossy paper (magazines and glossy inserts)  
HDPE High density polyethylene (a type of plastic) #2  
LDPE Low density polyethylene (a type of plastic) #4  
Newspaper  
Office paper  
Plastic resins labeled SPI code #7  
PETE Polyethylene terephthalate (a type of plastic) #1  
PP Polypropylene (a plastic) #5  
PS Polystyrene (a plastic) #6  
PVC Polyvinyl chloride (a plastic) #3  
Petroleum or petroleum like products or any by product of petroleum

Asphalt	Creosote	Fertilizers
Fuel oil	Gasoline	Glues
Grease	Herbicides	Kerosene
Motor oil	Naphtha	Paint
Pesticides	Tar	Tar paper
Tires	Turpentine	

all plastics (not specifically listed)  
Oriented strand board  
Plywood  
Pressure treated lumber, clear, green or brown

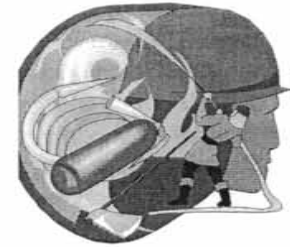

#### Yard Waste

Leaves            Grass clippings  
Yard and garden debris  
Brush and tree limbs less than 6" in diameter

What can you do with that stuff? The Village and Town have a recycling programs in place for the non yard debris, and a yard waste drop off site behind the municipal center (Village and Town). The conditions for use of the yard waste site are posted there. The Village also provides for a spring and fall yard waste pickup program and there are commercial companies that do haul the stuff away.

## BURNING ISSUES

This pamphlet should provide the reader with sufficient information about all types of burning issues in the municipalities served by the Everest Metropolitan Police Department. These are condensed guidelines and the local municipal ordinances should be consulted for more detailed information.

#### Village of Weston:

Cooking fires - fires using charcoal briquets, commercially prepared wood, clean dry wood, or gas are allowed any time but must be under control and you must be using them to cook a substantial part of a meal. The fires can be in a: fire pit no larger in diameter than 4', a cooking grill, an outdoor barbecue or an outdoor fireplace.

Recreational fires - fires using commercially prepared wood or clean dry wood are allowed from noon to midnight on Fridays Saturdays, Sundays and Holidays but must be under control and out by midnight. The fires can be in a: fire pit no larger in diameter than 4', a cooking grill, an outdoor barbecue or an outdoor fireplace.

Burning Permits - burning permits are issued by the Fire Chief only for the purpose of burning brush and debris from clearing land for the construction of a home or commercial structure, or clearing croplands for farming. The cost is \$25.00. They can be issued

for up to three days in a row including holidays from 6p to midnight. If weather prevents burning the permit will be reissued without charge. Burning permits will not be reissued without charge if the permittee is unable to burn for reasons other than weather. The fire must be under constant observation and OUT by midnight. It is advised that the permittee contact neighbors in the area to inform them about the permit. If a general burning ban is issued all burning permits are cancelled immediately. The permittee must call County Dispatch (261-1200) prior to setting the fire to inform them of where it is and that they have a permit. Permits are not issued to home owners or businesses who want to clean up an existing yard or junk.

If the burning gets away you will be responsible for the costs of putting the fire out even if you have a permit.
