

Jelinek – Alderson – Birch Street Project 2008

This project consists of utility upgrades and street reconstruction (new curb/gutter & asphalt).

The project is broken down into three phases:

- **Phase I: Jelinek/Alderson Street Intersection.** Complete closure at all four streets at the intersection. Closure dates are anticipated from June 16 – July 14, 2008. Intersection will be reopened with only local traffic to Jelinek Avenue.
- **Phase II: Jelinek Avenue from Alderson Street to Birch Street & Birch Street from Jelinek Avenue to Schofield Avenue.** “Local Traffic Only” with emergency vehicle and refuse truck access. Construction dates are anticipated from July 14 – September 5, 2008.
- **Phase III: Alderson Street from Jelinek Avenue to Schofield Avenue.** “Local Traffic Only” with emergency vehicle and refuse truck access. Construction dates are anticipated from September 8 – October 17, 2008.

If you have any questions about the project, please feel free to contact me at the number below.

Thanks
