

Village of Weston Recycling Guide

Please place your recycling bins next to your mailbox and away from your waste container. This will help our automated waste collection truck avoid damaging your recycling containers and your mailbox. We suggest you put your waste container in your driveway in line with the back of your mailbox so that it is off the road, but on the opposite side that your mailbox is on. If your mailbox is on the right side of your driveway then put your waste container on the left side of your driveway. Please see the Village's website at <http://www.westonwisconsin.org/utilities/garbage.php> to see standard drawings for the refuse container placement.
